Who is this mastermind program for?

Small business owners who need support in planning and achieving goals around money and business.

Why do I need a community of small business owners?

We have felt newly-inspired to solve our challenges when we have finally felt seen by others who faced similar situations, and we want to share that liberation with you!

What kinds of businesses have you worked with?

The Bliss Team works with LGBTQIA+ business owners, women entrepreneurs, business owners of color, trans-supportive therapists, sex education and personal

product retailers, and stigmatized businesses such as cannabis product retailers and sex workers.

What does it cost?

Membership is \$160 per month, which is \$480 total -- or pay only \$450 if you register and pay in full by January 17th, 5 p.m. Pacific.

Help! I was trying to register and pay for the program, but something went wrong!

We intend to create a container of trust and safety for members and leaders of the mastermind group to share vulnerably. Do you agree to be non-judgemental? Do you agree to keep confidentiality about business practices and challenges, personal information, and everything you hear in the mastermind sessions?

To complete registration, you **must** agree to abide by this Agreement or you cannot participate. If you have questions about the Agreement you can schedule an appointment with Lee: <https://calendly.com/lee-bym>
